Republican regret at the final decis out of the Congressional race in the Sixth District is well-nigh universal. The feeling throughout the district is that Col. Markham has made agood representative of its varied interests on the floor of the National House, and especially in those of its committees of which he has been a working member. He has shown ability, tact, great industry, unflagging zeal, and superb devotion to the interests of his constituents. He has been successful in his legislative undertakings, and is popular at Washington, as he is at home. All these things combine to make him by all odds the most available candidate for the coming race. With him the Republicans of the district could win again, and win more easily than before. Without him the race is doubtful, unless an equally good man and runner can be found, and when found, will he be nominated? These be practical and timely questions for the Republicans of the Sixth District to consider—and left them be quick about it! The people want no sorub race. They want to see no "amart politifions" with self-besmirched characters and nominated fairly. We have sent our best strength to your baseball nine—the battery of Walbridge and Elwell—and if Los Angeles does not carry off the pennant it will not be the fault of Ventura. Be kind to the boys, for they are both good fellows and magnificent players.

One J. N. Simpson, representing himself as an agent for the Oakland Mutual Endowment Association, has been fleecing our citizens, and to morrow he is to be examined on a postage of obtaining money under false pretenses. Do any of you fellows know him down there?

Every thrashing machine in the scounty is at work, and more will be needed.

The Ventura mills have changed the remnants of an army—the cleat the world ever saw—that is way receding into the shadowy past, not many years will roll away beremnants of an army—the slowly receding into the shadowy past, and not many years will roll away before they all will have passed to the other shore, It is a great thing, therefore, to have the veterans tenting on the Golden Coast for even a little time. W. P. Wade,

was reasted by the doctor once only, four weeks ago, when the vomiting ceased. At a only with a spoon. Can now eat almost anything; is confident of recovery.

Mr. Strohm of Flower street, suffering with abscess of liver for five weeks, given up by five physicians, was relieved of all pain by one treatment from Dr. Truesdell. Next day walked to Opera Hall, over twelve blocks, for treatment, having slopt well. Some nights previous, not having closed his eyes at all. Feels perfectly condition to restoration to health. Walked five miles on the 19th last.

Mrs. M. J. Kessler, Los angoles, 35 Hewits atreet, cured of rheumatism in hips by one treatment from the doctor. Was subject to tax and dysentery since childhood. Well next day after receiving one treatment from Mrs. Hill. Oan eat anything.

Mrs. J. B. Churchill, 15 Walnut avenue, Los Angeles, deaf 47 years from carlet fever, hearing entirely gone from one ear, restored up to the students so that she can hear quite distinctly.

Mrs. T. M. Adsms. Fourth street between Rowell & Rowell,
TTORNEYS AT LAW-Rooms 1, 2 and 3
Andreson's Building, San Bernardino bearing entirely gone from one ear, restore by one of the students so that she can hes quite distinctly.

Mrs. T. M. Adams. Fourth street between Fort and Spring, M. E. revival preacher for twenty years, tuffered for ten years with float ing kidney; compelled to take morphine for years to alleviste pain. Had prayed and struggled to be delivered from taking the drug, fearing it might destroy her son!; it willing to speak of it publicly, that other may find the relief which has been granted her. Dr. Truesdell saw her leaving the hall being too weary to sit longer. Ho said "There's a sister who is soffering, and she is filled with the Holy Ghosti Come back food has something for you?" He laid his hands on her, and the spirit came with power. The kidney was restored to its place, the brain relieved at once and the desire for morphine was gone, and she has not again used it. She warned the audience with great earnesiness "to beware how they denied that this was the power of God." She can now, after all these years of suffering, digest her food and sleep as when a child.

Mrs. John Sutherland, 122 Fifth street, Los Angeles, 40 years of age, born deaf in right ear, reserved one treatment from the doctor and two from Mrs. Hill. Can now hear sounds, music, etc.

Every fruit-grower needs an evaporator. The fruit annually wasted on the Pacific Coast would, rightly cured, go far toward supplying this want. The evaporator is the growers brake upon a down grade of prices. The AMERICAN is 1 re-eminently the fruit-raisers' machine. Its sizes grade from domestic to manufacturing wants. It makes the highest quality of work with ordinary care in handling. There is no need of making anything clea. Though we approve a slight use of sulphur, the ANERICAN is specially adapted for highest grade in unbleached work. It places (resh cut fruit with it highest and dryst heat; once sut surfaces at once and keeps them dry, thereby acting and making permanent the color, and also, thereby, as in boiling steaks, exeming the highest quality is product. We place your experience in evaporating at the disposal of our constoners. In some cases this graduit-mus service is of more value than prices paid us for exaporators.
